

Cattery of Arda

Pet Adoption Contract

Full name(s): _____

Phone number: _____

Mailing address: _____

Number of kittens adopting: _____ x \$200 each = \$ _____ deposit total

Gender preferred: Girl Boy No preference

Notes/comments/color preferences: _____

I understand that I must take the kitten(s) to a veterinarian during the first 7 days to inspect for any genetic health concerns. During that first week, I may return him/her for a full refund, minus the deposit, or ask for a different kitten, if the vet believes there is something genetically wrong with him/her. I understand that I will need to show documentation from my vet for this, and I may need to wait for the next litter if no other kittens are available. I understand that immediately after picking up my new kitten, I am responsible for keeping him/her safe from poisons, other sick animals, and physical dangers in my environment. After the first week, I am solely responsible for my kitten's health and happiness. I will take the kitten back to the vet during that second week for the next set of vaccinations. I understand that taking him/her to the vet and receiving vaccinations are necessary risks.

If at any time in the future I am no longer able or willing to keep my kitten for whatever reason, I will not sell, re-home or send him/her to a shelter without first contacting the breeder. At that time, the breeder has the right to take the kitten back with no refund to me. I understand that the breeder may work with me to help find a more suitable home for my kitten(s) if taking the kitten back is not a viable solution.

I will take care of my new kitten(s) by providing a safe place to live, quality and sufficient food to eat, clean water to drink and a home free of cruelty or animal abuse. I have read the About page on the website, and understand that Burmese will not thrive in isolation. I embrace their need to be around me and my family and will not lock them away from human contact for extended periods of time. I understand the process for introducing them to their new home. I acknowledge that keeping my kitten(s) indoors only is the safest and healthiest for him/her as predators and health risks abound outside. I understand that I am responsible for providing for the health of my kitten(s) by regular vet visits, recommended vaccinations, spaying/neutering, and planning care for him/her if I am out of town or unable to care for my kitten(s) myself.

I have enclosed the non-refundable deposit of \$200 for each kitten with this contract. I understand that if, for whatever reason, I choose not to adopt a kitten after sending this contract and deposit, I will not receive a refund. In order to be considerate of other hopeful families, I will let the breeder know in a timely manner, so that others may be contacted to take "my place".
